- Prioritise residential infrastructure for water, sanitation, refuse removal, street lighting, solid waste, connector and bulk infrastructure, and other municipal infrastructure like roads, in line with the MIG policy framework and/or other government sector policies established before the start of the municipal financial year.
- Compliance with Chapter 5 of the Municipal Systems Act (200). Infrastructure investment and delivery must be based on an Integrated Development Plan that provides a medium to long-term framework for sustainable human settlements and is in accordance with the principles of the national Spatial Development Perspective.
- Municipalities must adhere to the labour-intensive construction methods in terms of the Expanded Public Works Programme (EPWP) guidelines.
- Compliance with the Division of Revenue Act, including additional reporting requirements on spending and projects as approved by National Treasury.

Conditions:

- Municipalities must contractually undertake to:
- Account for the allocated funds on a monthly basis by the 10th of every month
- Pass all benefits to end-customers
- Not utilize the fund for any purpose other than electrification
- Ring-fence funds transferred. Adhere to the approved electrification programme and agreed cash flow budgets
- Ring-fence electricity function
- Reflect all assets created under the Integrated national Electrification Program (INEP) on the municipal asset register; this is to assist the process for the formation of the REDS
- Safely operate and maintain the infrastructure
- Adhere to the labour intensive construction methods in terms of the Expanded Public Works Programme (EPWP) guidelines for activities such as trenching, planting of poles, etc.
- Register the master Plans for bulk infrastructure in terms of the INEP framework and to abide by the directives of the Department regarding the central planning and co-ordination for such bulk infrastructure. This is to maximize the economies of scale in the creation of bulk infrastructure affecting more than one municipality
- Use INEP funds for the refurbishment of critical infrastructure, only upon submission of a project plan which must be approved under a framework to be regulated by the Department.

Property Plant & Equipment

The Standard on Property, Plant and Equipment prescribe the accounting treatment for property, plant and equipment so that the users of financial statements can discern information about the municipality's investment in its property, plant and equipment and the changes in such investment. The principal issues in accounting for property, plant and equipment are the recognition of the assets, the determination of their carrying amounts and the depreciation charges and impairment losses to be recognised in relation to them.
